Meeting called to order by President Dave Terrio who then asked for a moment of silence.

President's message included an item regarding health issues (keep yourself healthy) and personal observations. The impression is that Board 152 officials are as good or better than officials from other boards working games with Board 152 members. Keep up the good work.

Banquet committee will require that some members step up for the 2019-2020 banquet. Mike Hirschman will pass along all collateral he has should the president appoint members to undertake the task.

Special note to Joe Bollus, John Lopes and Jeff Bridge for their contributions to the Special Olympics.

Meeting commenced to the Mechanics session led by Interpreter Steve Pothier who also mentioned that Board 152 officials are on even par with non-Board 152 officials refereeing Cape & Island games.

Items:

Bouncing of the ball for the throw in.

Airborne shooter is no-longer an airborne shooter when either foot hits the ground. Slapping backboard legal as long as an attempt is made to block the shot.

Correctible error situations.

Coaches and Captains pre-game conference is mandatory as per the rule book.

Should players illegally substitute themselves into a game underway, a technical foul for EACH individual is warranted.

Disqualified players become bench personnel as soon as announced and unsporting conduct is pushed onto the coach.

Follow the designated spots for throw-in. Where the ball went out of bounds is critical.

Good of the Board
